IP address of the requesting computer, date and time of access, name and URL of the retrieved file, website from which access is made (referrer URL), browser used and, if applicable, the operating system of your computer and the name of your access provider. The data mentioned are processed by us for the following purposes: ensuring a smooth connection to the website, ensuring comfortable use of our website, evaluating system security and stability and for other administrative purposes. The legal basis for data processing corresponds to the Hong Kong Law. Our legitimate interest follows from the data collection purposes listed above. Under no circumstances do we use the data collected for the purpose of drawing conclusions about you personally.

We use Google Analytics on our website. This is a web analysis service provided by Google Inc. hereinafter referred to as "Google". Through certification according to the EU-US-ASIA data protection shield ("EU-US Privacy Shield"), Google guarantees that the EU's data protection requirements are also complied with when processing data in the USA. The Google Analytics service is used to analyze the usage behavior of our website. Our legitimate interest lies in the analysis, optimization and economic operation of our website. Usage and user-related information, such as IP address, location, time or frequency of visits to our website, are transmitted to a Google server in the USA and stored there. However, we use Google Analytics with the so-called anonymization function. With this function, Google shortens the IP address within the EU or the EEA. The data collected in this way is in turn used by Google to provide us with an evaluation of the visit to our website and of the usage activities there. This data can also be used to provide other services related to the use of our website and the use of the Internet.

Google states that it will not associate your IP address with other data. In addition, Google has further data protection information ready for you at <https://www.google.com/intl/de/policies/privacy/partners>, for example also on the possibilities of preventing the use of data.

In addition, Google offers a so-called deactivation add-on along with further information on this at <https://tools.google.com/dlpage/gaoptout?hl=de>. This add-on can be installed with common internet browsers and offers you further control over the data that Google collects when you visit our website. The add-on informs the JavaScript (ga.js) of Google Analytics that information about visiting our website should not be transmitted to Google Analytics. However, this does not prevent information from being transmitted to us or to other web analysis services. You can of course also find out in this data protection declaration whether and which other web analysis services are used by us.

On our website, we use Google Maps to show our location and to create directions. This is a service provided by Google Inc. hereinafter referred to as "Google". Through certification according to the EU-US-ASIA data protection shield ("EU-US Privacy Shield"), Google guarantees that the data protection requirements are also adhered to when processing data in the USA. In order to enable the display of certain fonts on our website, a connection to the Google server in the USA is established when our website is accessed. If you call up the Google Maps component integrated in our website, Google saves a cookie on your device via your internet browser. Your user settings and data are processed in order to display our location and to create directions. We cannot rule out that Google uses servers in the USA.

Our legitimate interest lies in optimizing the functionality of our website. Through the connection to Google established in this way, Google can determine from which website your request was sent and to which IP address the directions are to be sent. If you do not agree to this processing, you have the option of preventing the installation of cookies by making the appropriate settings in your Internet browser. You can find details on this under the heading "Cookies" above. In addition, Google Maps and the information obtained via Google Maps are used in accordance with the Google Terms of Use <https://policies.google.com/terms?gl=DE&hl=de> and the terms and conditions for Google Maps https://www.google.com/intl/de_de/help/terms_maps.html.
